Price: £26.00

Date: 2019-11-13 11:39:40

Expiration Date: 0000-00-00 00:00:00

Description

It's the beginning of the 22nd century. Society has collapsed amid rapid technological progress. People are extensively modifying their own bodies. Corporations war with one another over data; the most valuable commodity on the market. Your group of cyborgs has decided to steal some rare data from the archives of an influential corporation. You must get to the archives and download the stack memory. But it won't be easy.
