Price: £0.00

Date: 2023-04-10 10:32:53

Expiration Date: 0000-00-00 00:00:00

Description

A LONG-TERM ANSWER TO GAPS IN YOUR SMILE Dental implants offer the most advanced way to replace missing teeth. An implant is a tiny post made from titanium – a metal so well-tolerated by the body it eventually fuses with the surrounding bone and acts as a substitute tooth root.
