Fruitcake Media is a family-run website design and digital marketing agency based at Alderley Park in Macclesfield, Cheshire. We serve start-ups, small businesses, and trades across Cheshire and the wider UK, specialising in affordable pay-monthly web design, SEO, social media management, and PPC advertising. Every website is built by real designers, not robots, and hosted on our ISO-certified platform with SSL protection, daily backups, and personal support from our friendly team. Clients speak directly to their digital consultant, who genuinely cares about helping their business grow. From web design to SEO, PPC, and social media management, our Cheshire-based team helps local companies get found online and attract more customers. Our websites are secure, fast, and beautifully designed for businesses that value a clear, family-oriented, and honest service.
